

BODYCRAFT
AQUA & FITNESS

A Complete Journey from
Fitness to Rejuvenation

ABOUT US

Body Craft Aqua and Fitness has been a pioneer in delivering world-class products for health clubs and fitness industries. Founded by Sunil Agarwal, who has over 27 years of experience, we provide innovative fitness and hydrotherapy solutions, including gym machines, steam baths, saunas, Jacuzzis, ice baths, hot baths, and swimming pools. With a passion for constantly upgrading our offerings, we are committed to meeting the ever-changing demands of modern fitness facilities and residential complexes.

I Our Mission

- As health awareness continues to rise, especially among today's youth, Body Craft aims to be their go-to provider for fitness and wellness solutions. Our hydrotherapy products are designed to detoxify and rejuvenate, helping individuals stay physically and mentally fit in their professional and personal lives.
- Caring is better than cure
- Exercise is necessary nutrient
- Partner with Body Craft Aqua and Fitness for top-of-the-line equipment, innovative solutions, and unparalleled service. We are ready to support the next generation of health clubs, residential complexes, and fitness-conscious individuals. We promise a long-term association built on trust, quality, and service excellence.

Why choose us

I Why choose Body craft Aqua & Fitness ?

- **Experience & Expertise:** With over 27 years of industry experience, we have an in-depth understanding of fitness and hydrotherapy needs.
- **Comprehensive Range:** From gym machines to hydrotherapy products, we offer a complete range of solutions for both commercial and residential setups.
- **High-Tech Solutions:** We cater to the growing demand for advanced fitness equipment and health solutions, ensuring our products are always up-to-date with the latest technology.
- **After-Sales Excellence:** We believe that the key to success in this industry is excellent after-sales service. Our long-term clients can vouch for our prompt and reliable support.

I Our Services

At Body Craft, we provide a complete range of products and services tailored for the fitness industry and beyond:

- **Gym Machines:** High-performance, durable machines designed for intense use.
- **Hydrotherapy Solutions:** Steam baths, saunas, jacuzzi (Whirlpool), ice baths, and hot baths to rejuvenate and detoxify.
- **Swimming Pools:** Customizable pool installations for both personal and commercial spaces.
- **Maintenance Services:** Expert maintenance and servicing to ensure optimal performance of your equipment.

Steam Baths for Gyms & Personal Homes

• Boost Performance & Recovery

- Opens pores and flushes out toxins
- Improves circulation and muscle relaxation
- Speeds up post-workout recovery and reduces soreness
- Enhances flexibility and detoxification
- Promotes relaxation and stress relief

• Our Steam Baths

- High-traffic durability for gyms and fitness centres
- Consistent steam generation for reliable performance
- Easy maintenance and energy-efficient designs
- Ideal for athletes and fitness enthusiasts looking for premium recovery
- Creates a spa-like experience in your home
- Available in compact and luxury models
- Easy to install and maintain for hassle-free use

Ice bath – Refresh, Recover, Reinvigorate

An ice bath is a therapeutic practice where individuals immerse themselves in cold water, typically between 5 degree to 15 degree Celsius, for a short period

- **Accelerate Recovery:** Cold immersion reduces inflammation and muscle soreness.
- **Boost Performance:** Ice baths boost endurance, recovery for athletes and enthusiasts.
- **Durable & Efficient:** Energy-efficient cooling systems ensure consistent performance.
- Following a sauna, a cold shower helps rehydrate your skin and body, restoring balance.
- **Designed to accommodate up to two users comfortably.**
- Made from Acrylic or civil for maximum temperature retention.
- Built-in chiller for precise cooling down to desired temperatures.
- Integrated drainage for easy water removal and cleaning.

In the world of onsen (Japan) hot water isn't the only star, cold plunging plays a vital role in physical & mental well-being of the Japanese. This is an old age practice of hot & cold bath cycles called to-tonou.

Hot Tubs: Hot tubs provide luxury and comfort, offering relaxation, muscle relief, and mental soothing. With therapeutic jets and warm water, they deliver a rejuvenating experience, ideal for homes, gyms, hotels, and corporate wellness centers.

Chilled Showers – Refresh, Recover

Elevate your bathing routine with our Chilled Shower collection. Designed to refresh and invigorate, these showers offer a perfect balance of coolness and comfort. Enjoy adjustable temperatures and sleek designs that enhance any bathroom. Experience the benefits of cold therapy, from improved circulation to enhanced mood. Transform your daily ritual into a revitalizing escape!

- Precise adjustable settings for a customized experience.
- Powerful jets for a refreshing and invigorating flow.
- Durable, rust-resistant stainless steel for longevity and style.
- Easy-to-install design compatible with standard plumbing.
- Water-efficient technology to reduce consumption while enhancing performance.

Jacuzzi(Whirlpool)

A luxurious jacuzzi provides the ultimate relaxation experience, designed for comfort and style. This whirlpool system combines air and water to create an exhilarating and pleasurable experience, refreshing both body and mind.

- Accommodates from 2-6 people for a social and relaxing experience.
- Multi-directional, adjustable jets provide a customizable massage experience.
- Digital control panel for precise temperature settings and easy operation.
- High-quality acrylic shell with a durable fiberglass backing for longevity.
- LED mood lighting to create a soothing atmosphere for night time use.
- Built-in filtration system for clear, clean water with minimal effort.

Sauna Baths – Relax, Rejuvenate, and Recharge

Experience the Power of Heat Therapy

A sauna bath is a therapeutic form of heat therapy, where your body is exposed to high temperatures in a specially designed wooden room, allowing you to sweat naturally and burn excess body fat quickly. The dry heat induces an artificial fever that activates the immune system without the discomfort of illness, helping the body fend off harmful organisms and boosting overall health.

• Benefits of Sauna Baths

- **Weight Loss:** The intense dry heat promotes rapid fat burning, making it an excellent addition to your fitness routine.
- **Muscle Recovery:** Relieves sore muscles, reduces tension, and soothes inflammation, speeding up recovery after workouts.

- **Detoxification:** Sweating helps eliminate toxins from the body, promoting better skin health and overall wellbeing.
- **Stress Relief:** Enjoy deep relaxation and stress reduction, allowing you to unwind both physically and mentally.
- **Immune Boost:** The induced fever stimulates the immune system, helping the body fight infections more effectively.

• Our Saunas

- **Premium Quality:** Our saunas are crafted from the finest wood for maximum durability and comfort.
- **Efficient Heating:** Designed for consistent dry heat that delivers optimal therapeutic benefits.
- **Customizable Designs:** Available in various sizes and styles to suit both personal homes and commercial fitness centers.
- **Energy-Efficient:** Advanced heating technology (Infrared Technology) ensures low energy consumption without compromising performance.
- **Exceptional After-Sales Service:** We offer top-notch support to ensure your sauna remains in perfect working condition.
